

# 2020N/2040N Turbine Series Filters

Racor Introduces the New 2020/2040 Fuel Filter/Water Separator Element

Racor upgraded the Turbine Series fuel filter/water separator element.

Improvements include:

- Easy grip bail design (bails moved to top of element).
- New side seam process eliminates metal v-clip.
- Fits 900 and 1000 Racor turbine series.
- Uses trusted Aquabloc® 2, 10, 30 micron media.
- Manufactured on State-of-Art equipment in our new world class manufacturing center.
